YOUTH IS BOUND TO GRAND JURY

Girl Tells of Her Shattered Romance in Police Court Friday Morning.

Wearing in police court the dainty blue and white dress she had made for her wedding and the little topaz ring she believed to be the symbol of her engagement to Russell Bosworth, Nellie Jeffries, 18 years old, testified Friday morning that Bosworth, had seduced her and that, as a result, she is now in a delicate condition.

According to the girl, she and Bosworth had been going together since April, 1914, that in October of the same year he asked her to marry him, and although her step-mother advised them that they were too young, she consented. They were to be married in June, 1915. At the time of the engagement, the girl said, Bosworth gave her \$5 with which to make preparations for the wedding. With this money she said that she purchased pillow slips, towels and a few other articles.

Believing that he could earn more money than he had been receiving in South Bend, Bosworth, who is 21 years old, went to Cleveland, O., where he secured a position. The young couple corresponded once a week during this time.

In the early part of August, this year, Nellie went to Cleveland, staying there three days after which she returned to this city.

Last week a warrant was sworn and chief of detectives Kuespert went to Cleveland and brought the young man to South Bend. Kuespert testified Friday morning that Bosworth had said that he was willing to marry the girl and to take care of her.

Mrs. Mary Young, step-mother of Nellie, was placed on the witness stand and swore that the girl had never gone with another boy and that she never spent a night away from home during the past six months.

Dr. Perry C. Travel, who examined the girl Wednesday, testified that she had been in her present condition for six months.

Bosworth was not asked to testify.

Judge Warner bound the defendant over to the grand jury, fixing the amount a \$500.

The mass was for deceased clergy of Port Wayne diocese.

By diocesan regulation, this retreat will be held annually henceforth instead of biennially, as has been the case heretofore. Notre Dame will be the gathering place again next year. Practically all of the visiting clergymen left immediately for their respective homes in order to be on duty at their churches for the heavy parish work of Saturday and Sunday. The retreat is considered to have been satisfactory and successful in all respects.

On next Monday, Aug. 28, the curates, or assistant priests of the diocese of Chicago, will assemble at Notre Dame for their annual retreat, to be followed, during the week, Sept. 3-Sept. 10, by the pastors of churches in the diocese of Chicago. NEGRO SHOT IN CARD GAME FIGHT

Frank Moore of Arkansas is Seriously Wounded by Nathan Owens.

In a fight resulting from an argument over a game of "coon-can" last night, Frank Moore, a Negro from Pine Bluff, Ark., was shot in the abdomen and seriously wounded by Nathan Owens, also a negro, who lives at 308 S. The sale of "The Lilacs", which had been agreed upon but never completed, was annulled by mutual consent at the request of the university authorities, who realize that every available accommodation will be required for the large attendance, which now seems almost certain, during the approaching year.

"The Lilacs" was so named by the present minister to Denmark, Maurice Francis Egan, who built it when professor of English literature at Notre Dame, and surrounded the lawn about the place with a lilac hedge, which is still an ornament to that part of the city.

Patrolman Saberniak returned to the house and asked Mrs. Roberts to get the gun. At first she said she did not know where it was, but later secured it and gave it to the policeman.

Owens works at the Studebaker plant, and in a fight with John Hueston last Tuesday is said to have hit Hueston on the head with a shovel.

He was placed in the police station charged with assault with intent to kill.

TWO-CENT RATE GIVEN BY ROADS

Tentatively Decide to Run Special Trains Out at 11:30 O'clock.

Rates of two cents per mile between South Bend and all points in Central Passenger association territory, which includes practically all of the central states, will be given on all railroads running into the city during the centennial celebration Oct. 4, 5 and 6 and three days preceding and following these dates. This announcement was made by representatives of the railroads at a meeting with L. R. Martin, chairman of the traffic committee of the celebration, at the Oliver hotel Friday noon.

It was tentatively decided by the representatives of the railroads to run special trains out of South Bend to the surrounding towns at 11:30 o'clock on at least two nights of the celebration. The amount of traffic that probably will be handled by the roads will determine whether special trains shall be run on all three evenings.

The Chicago, South Bend and Northern Indiana lines will handle 10,000 people an hour before and after the picnic at Springbrook park, according to F. I. Hardy, general manager of the company. It is planned to run a car every 30 seconds.

The task of examining so many children in the short time interval is a monumental one, but officials declare it will be accomplished. Entrance to schools will be denied children who have not been examined.

PORT WAYNE, Ind., Aug. 25.—City health authorities today asked both public and private schools to defer their opening until October 2, because of a feared infantile paralysis epidemic here. BROTHERHOOLS WILL MAKE NO CONCESSIONS

(CONTINUED FROM PAGE ONE)

cost. It is understood that the president simply suggested this proposition to the four brotherhoods but did not press it when he found that they considered it entirely out of the question.

The president told the men of the various conferences he has held with the railroad chiefs and counsels the utmost patience. He made it plain that all the efforts to bring about a peaceful settlement would be ruined if the "hot-heads" were permitted to assume control of the situation. When the brotherhood leaders left the white house they told the president that they would report to the full committee of the situation, and would keep in close touch with the white house.

Radical Differences. In their secret conference in their hotel the railway presidents and managers threshed out the situation. Radical differences of opinion exist between the railway executives and today's meeting at which for the first time, all outsiders were barred, was an effort to see whether united action cannot be forced and the present aimless milling ended.

After receiving a report from the leaders on their conference with President Wilson the 640 chairmen representing all of the railway employees' unions, adjourned until tomorrow.
